Microsoft Viva

In today's world, employees want more flexible remote work options, and meaningful in-person collaboration. Empowering people to thrive in a more flexible work world requires rethinking everything—from how you empower managers, to how you create culture, to how you reimagine the employee experience

And that's where Microsoft Viva comes in. As your employees are challenged with a growing imbalance between work and life, increased burnout, and decreased wellbeing, and your teams and organization face diminishing social capital, there is an urgent need to digitally reimagine the employee experience.
