Calling with Microsoft Teams Phone

Now more than ever, businesses need a modern voice solution and phone system capabilities that combines unified communication and teamwork. Microsoft Teams Phone provides the features organizations need to deliver seamless, collaborative experiences for employees, business partners, and customers. Because implementation of calling solutions can be complex and involves network remediation, Microsoft 365 service deployment, telephone number provisioning/porting, and device deployment, customers need partners with this highly specialized skillset.

Modernize Communications Workshop

Introducing the Modernize Communications Workshop – a modular engagement to experience the vision for Microsoft Teams Phone and advanced communication scenarios. This workshop is designed to guide you through the process of a simplified enterprise voice solution with reliable, high-quality, integrated calling. Through 'Art of the Possible' demonstrations, use-case design, and deep-dive planning you will obtain actionable recommendations to deploy and adopt Microsoft Teams phone.
