

**ADVANCED**  
IT Consulting Services

# Get ready to achieve more with Microsoft Teams

As the hub for teamwork, Microsoft Teams is designed to help organizations improve collaboration and increase efficiency by automating key business processes. With the Teams Apps and Solutions Workshop, ADVANCED will work with you to identify ways to improve workplace productivity and meet your business goals, leveraging the Microsoft Teams platform.

## !See what's possible!

Learn what the Microsoft Teams platform can do for your organization. Our consultants will walk you through the Art of the Possible, working with you to identify and prioritize key business scenarios to help solve your specific collaboration challenges. During the workshop, we'll show how opportunities to customize and extend your Microsoft Teams workspace using the power of automation. Then, ADVANCED will design a plan that leverages Microsoft Teams platform capabilities to help you move forward.

## Realize better business results with improved automation

**Drive business results**  
through scenarios for increased efficiency

**Accelerate outcomes**  
with ready-to-use apps, low code solutions, and solutions tailored to your needs

**Enable app governance**  
through guidance on governing Microsoft Teams apps using policies and controls

## We'll work with you to:

- Explore ways to meet your business goals by streamlining processes and improving productivity and collaboration
- Identify and prioritize key use case scenarios
- Provide an implementation plan and next steps to help you achieve your desired goals

## Why Advanced IT?

When it comes to security and secure cloud solutions for your company, you need an experienced partner with referenced success stories.

Advanced IT is a leading provider of technology solutions and services with more than 10 years of experience in information security technology and services. Our offering ranges from licensing to consulting services for our customers, looking always for a good architecture, implementation, configuration and delivery of cloud and OnPrem solutions. We have the experience to support our clients throughout their technological roadmap in today's digital world and to be able to support them in digital transformation.
